Color the National Advanced Driving Simulator

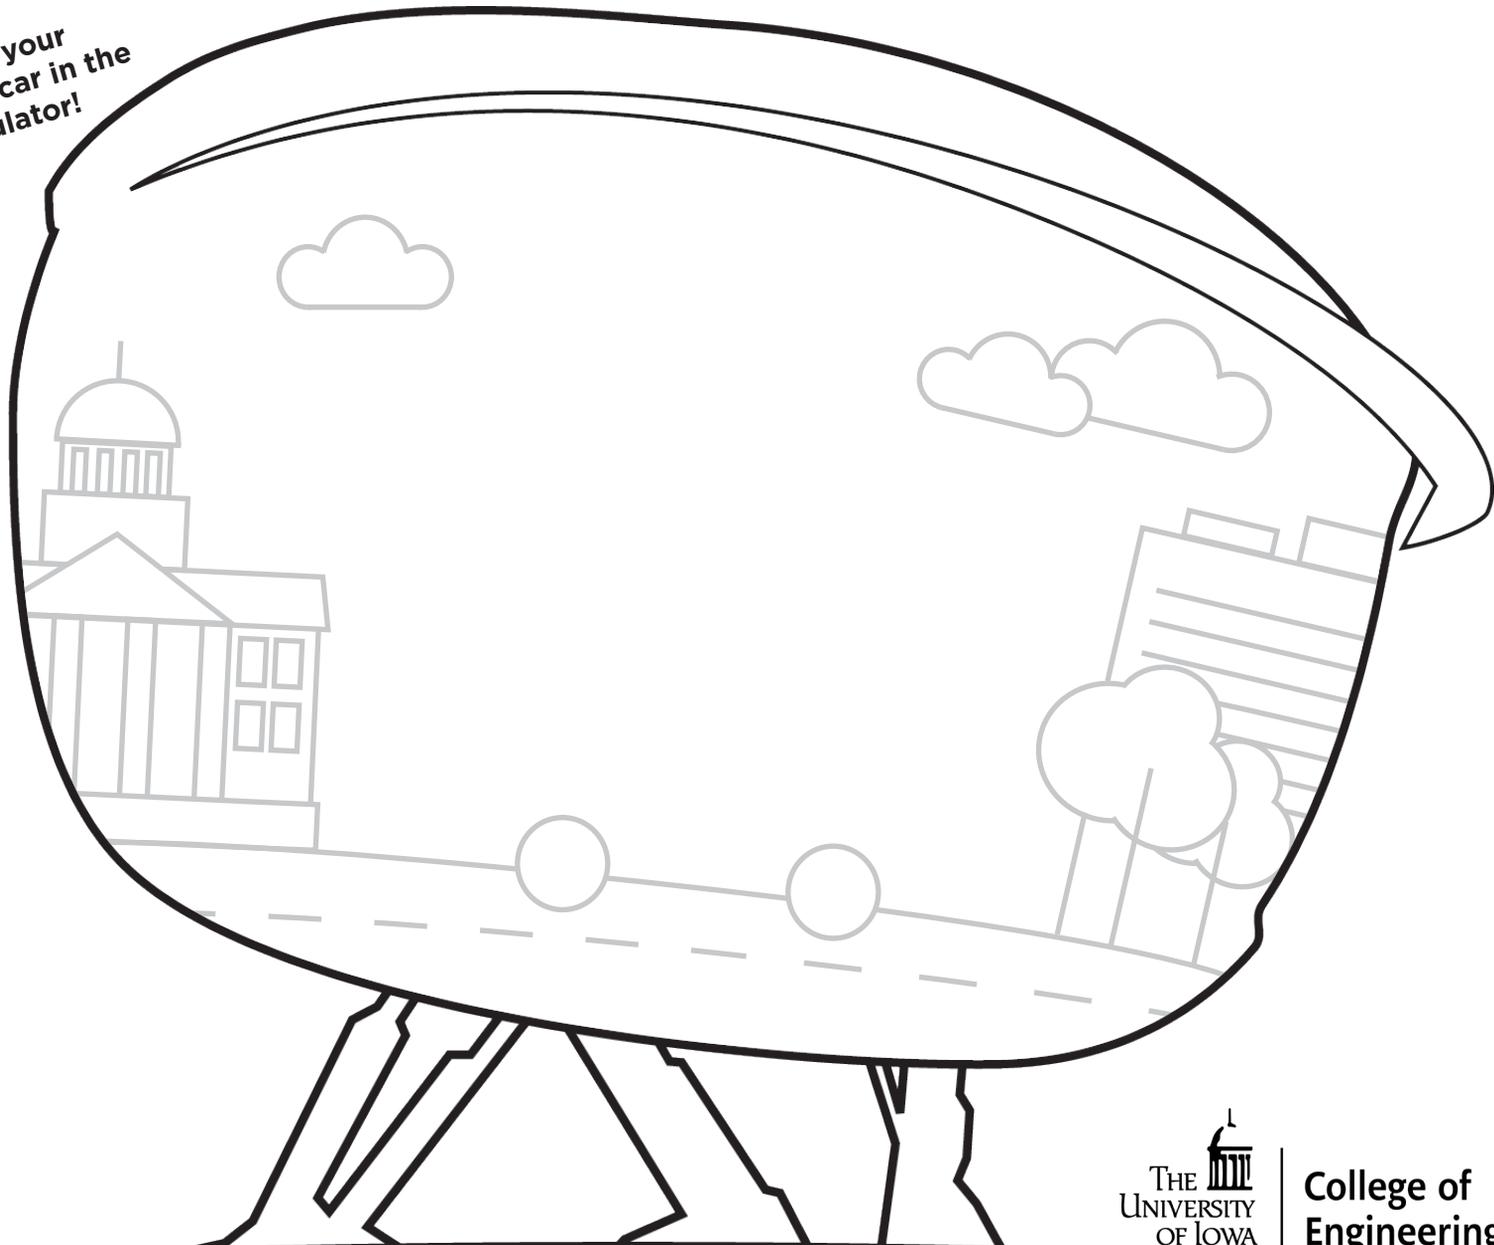

Color the simulator below in any way you'd like. Bring your finished drawing to the **National Advanced Driving Simulator's 20th Anniversary Open House** and get fun stuff! Our 20th Anniversary is being held in conjunction with the Johnson County STEM Festival (taking place at the same time next door). **Everyone is welcome at both events!**

Date and Time: Wednesday, October 10, 2018 from 4-7pm

NADS 20th Anniversary Open House: 2401 Oakdale Boulevard, Iowa City, IA 52242

Johnson County STEM Festival: Kirkwood Regional Center at the UI, 2301 Oakdale Boulevard

Draw your own car in the simulator!

The National Advanced Driving Simulator is the nation's largest and first of its kind anywhere in the world. And right here in Iowa! Our mission is to improve safety by researching the connection between drivers, motor vehicles, and road users. To do this, we work with sponsors from the government, military, and industry to conduct research in our simulators and with our on-road research vehicles.

We're always looking for study participants! If you're 18 or older, scan the QR code or visit drivingstudies.com to learn more.
