

Edith Ann Parker, Dr. P.H., M.P.H.

Curriculum Vitae

PERSONAL DATA:

Office Address: Office of the Dean
University of Iowa College of Public Health
145 North Riverside Drive
Iowa City, Iowa 52242-2007
319-384-1503

EDUCATION:

1995 DrPH University of North Carolina at Chapel Hill
School of Public Health
Health Behavior and Health Education

1989 MPH University of North Carolina at Chapel Hill
School of Public Health
Health Behavior and Health Education

1983 BA English
Davidson College, Davidson, North Carolina

1981 Semester-in-India Program
University of Madras, Madras, India

PROFESSIONAL EXPERIENCE:

6/18- Dean, College of Public Health, University of Iowa

8/15- Professor (secondary appointment), University of Iowa Public Policy Center

8/10- Professor, Department of Community and Behavioral Health, University of Iowa

8/10-6/18 Departmental Executive Officer, Department of Community and Behavioral Health, University of Iowa

7/05-8/10 Associate Dean for Academic Affairs, School of Public Health, University of Michigan

9/02-8/10 Associate Professor, Department of Health Behavior and Health Education,

School of Public Health, University of Michigan

- 9/95-8/02 Assistant Professor, Department of Health Behavior and Health Education,
School of Public Health, University of Michigan
- 9/91-8/95 Research and Teaching Assistant, University of North Carolina School of
Public Health
- 9/89-8/91 Health Education Coordinator, Bradley Free Clinic, Roanoke, VA
- 9/87-6/89 Research Assistant, University of North Carolina School of
Public Health
- 1/85-7/87 Program Support Officer, Save the Children Federation, Burkina Faso
- 12/82-8/84 Deputy Headmistress, Shikunga Secondary School, Kakamega, Kenya

AWARDS/HONORS:

University of Iowa Regents Award for Faculty Excellence, 2017

Distinguished Faculty Lecture, University of Iowa College of Public Health, 2016

University of Iowa College of Public Health Faculty Mentor Award, 2015

CIC Academic Leadership Program Fellow, 2007-2008

Sarah Mazelis Paper of the Year Award, Health Promotion Practice Journal, 2005

Early Career Award, American Public Health Association, Public Health Education and Health
Promotion section, 2001

Member, Delta Omega, Public Health National Honor Society, 1995

MEMBERSHIP IN PROFESSIONAL SOCIETIES:

American Public Health Association, Public Health Education Section

Society of Professional Health Educators

American Thoracic Society

TEACHING

Classes Taught

University of Michigan

Program Development in Health Education- required departmental MPH course

Health Education Models of Practice and Intervention- required departmental doctoral seminar

Education of Consumers in the Health Care Setting- MPH elective course

University of Iowa

Introduction to Health Promotion and Disease Prevention- required collegiate MPH course

Doctoral Dissertation Committees

University of Michigan

Jesus Ramirez, University of Michigan Health Behavior and Health Education (HBHE)
graduated 1997

Adam Becker, (HBHE) graduated 1999

Victoria Sanchez, University of North Carolina HBHE, graduated 1999

Juliana Van Olphen, HBHE, graduated 2000

Stephanie Farquhar, HBHE, co-chair, graduated 2000

Jennifer Malat, Sociology, graduated 2000

Grant Baldwin, HBHE, chair, graduated 2003

An-Tsun Huang, Environmental Health Science (EHS), graduated 2005

Melissa Valerio, HBHE, graduated 2006

Christy Houle, HBHE, graduated 2008

Naima Wong, HBHE, graduated 2008

Rahwa Haile, HBHE, co-chair, graduated 2009

Tenaya Sunbury, HBHE, co-chair, graduated 2010

Jalonne White-Newsome, EHS, graduated 2012

Lynna Chung, HBHE, chair, graduated 2013

Natalie Sampson, HBHE, graduated 2013

University of Iowa

Nia Aitato, graduated 2013

Laura Schwabb-Reese, co-chair, graduated 2015

Christine Kava, chair, graduated 2017

Amy Schumacher, graduated 2017

Bobbi Bentz, co-chair, graduated 2018

Post-doctoral Fellows Mentored

Ellen Lopez, Kellogg Community Health Scholar post-doctoral fellow 2002-2004
 Davyda Hammond, Kellogg Community Health Scholar post-doctoral fellow 2005-2007
 Carla Keirns, Robert Wood Johnson Clinical Scholar 2008
 Jason Daniel-Ulloa, UI Prevention Research Center post-doctoral fellow, 2012-2013
 Nicole Novak, UI Prevention Research Center post-doctoral fellow, 2017-ongoing

SPONSORED RESEARCH**Past**

W.K. Kellogg Foundation (Parker) (Sub-contract)	08/31/95-9/30/96 25% \$20,388
--	----------------------------------

Title: Evaluation of the North Carolina Community-Based Public Health Initiative
Role: Principal Investigator
Major Goals: To evaluate the effects of the N.C. Community-Based Public Health Initiative on improving the ability of universities, communities and local public health departments to work collaboratively to improve the health of minority communities in North Carolina.

W.K. Kellogg Foundation	01/01/96-12/31/96 10%
-------------------------	-----------------------

Title: Participatory Action Learning \$100,000
Role: Principal Investigator
Major Goals: To increase the skills, knowledge and resources among participating community health workers and the School of Public Health to be able to engage in efforts to enhance community capacity in their neighborhoods.

U48/CCU515775-02 (Israel) Centers for Disease Control and Prevention	9/01/95-8/31/03 (5%) \$ 1,370,526
---	--------------------------------------

Title: Detroit Community-Academic Urban Research Center
Role: Co-investigator
Major Goals: To establish a collaborative partnership between the University of Michigan School of Public Health, the Detroit Health Department, and community based organizations (CBOs) to identify problems affecting the health of residents on the east and southwest sides of Detroit and to implement and evaluate solutions to those problems.

U48/CCU515775-02 (Schulz) Centers for Disease Control and Prevention	9/01/95-8/31/03 (10%) \$ 1,794,638
---	---------------------------------------

Title: Detroit Community-Academic Urban Research Center-Village Health Worker Project
Role: Acting Principal Investigator 1995-1997
 Co-Principal Investigator 1997-2003
Major Goals: To evaluate research of a project designed to improve the health of women and children on the east side of Detroit through training and support of 30 Village Health Workers who would work with their neighborhood on issues affecting the health of women and children.

- D56MP97001-01-0 (Parker) 9/31/97-10/1/00 (5%)
Office of Minority Health, USPHS \$ 45,630
(Subcontract)
Title: Evaluation of the Bilingual/Bicultural Service Demonstration Project for Managed Care
Role: Evaluator
Major Goals: To evaluate the effects of an education and advocacy intervention designed to increase knowledge of clients of the new Medicaid managed care system in Michigan and to increase cultural competence of health care providers in dealing with Latino and African-American populations.
- Center Grant I P50-ES 09589-01 (Israel) 9/01/98-8/31/03 (25%)
NIEHS/EPA \$ 1,264,358 (Intervention Core)
Title: Michigan Center for the Environment and Children's Health
Role: Principal Investigator, Intervention Core "Community Action Against Asthma (CAAA)"
Major Goals: To increase knowledge about environmental factors aggravating asthma in children in Detroit and to provide an intensive household level and neighborhood level interventions to reduce known environmental triggers for asthma in children.
- NIH R01 ES 10688-01 (Parker) 9/30/00-7/30/06 (15%)
NIEHS \$1,527,718
Title: Community Organizing Network for Environmental Health (CONEH)
Role: Principal Investigator
Major Goals: To identify, prioritize, and translate the relevant findings of the current Community Action Against Asthma (CAAA) data collection activities, together with proposed additional Community Organizing for Environmental Health (CONEH) data collection activities, in order to guide the implementation and evaluation of an expanded, multi-level intervention to reduce physical and psychosocial environmental stressors and strengthen protective factors to improve the health of children with asthma.
- 2007-252 05/01/07-04/30/09 (6%)
Skillman Foundation (Israel) \$429,969
Title: Neighborhoods Working in Partnership: Building Capacity for Policy Change
Role: Co-investigator
Major Goals: To extend community voices into the policy-making arena in order to have an impact on local, state, regional and national level policies aimed at creating healthy, safe, and supportive neighborhoods for children and families.
- R24M001619-03 (Schulz) 09/1/05-8/31/06 (1%)
National Center for Minority Health and Health Disparities \$380,274
Title: Community Approaches to Cardiovascular Health
Role: Co-Investigator
Major Goals: To conduct a community assessment and develop and implement a pilot intervention research project aimed at addressing the factors associated with cardiovascular disease.

- R18 CE001341-01 (Bingham) 10/01/07-9/30/08 (10%)
Centers for Disease Control and Prevention \$492,426
Title: Research Grant to Prevent Unintentional Injuries: Understanding and Promoting Teen Safety Belt Use
Role: Co-Investigator
Major Goals: To improve teen driver safety by increasing parental involvement in helping their teens' learn to drive through a qualitative/quantitative study to develop an understanding of how two evidence-based, complementary approaches (Graduated Driver License Program and Checkpoints program) could be more effectively and widely implemented.
- NIH R01 ES 014566-02 (Parker) 04/08/07-3/31/12 (15%)
NIEHS \$2,988,990
Title: A Community Based Participatory Research (CBPR) Intervention for Childhood Asthma Using Air Filters and Air Conditioners
Role: Principal Investigator 2007-2010
Co-Principal Investigator 2010-2012
Major Goals: To test the efficacy of air filters separately and when combined with air conditioners to reduce exposure to Particulate Matter (PM); to test the association between the use of air filters separately and when combined with air conditioners and the health status of children over and above a standard community health worker intervention; to elucidate the causal pathways by which any intervention-related improvements in asthma-related health status is occurring.
- NIH R01 CA081488 (Robins) 5/1/07-4/30/12 (5%)
NIEHS \$ 2,493,153
Title: Diesel Exhaust and Aggravation of Childhood Asthma
Role: Co-Investigator
Major Goals: A 2 year longitudinal study to evaluate the relationship of diesel exhaust and other specific air pollutant sources to the aggravation of asthma among children living in Detroit, Michigan.
- 1R18EH000348-1 (O'Neill) 09/01/08-/0/29/11 (15%)
Centers for Disease Control and Prevention \$1,010,274 TDC
Title: Reducing Social Disparities of Heatwave Impacts in a Changing Climate
Role: Co-Investigator
Major Goals: To assess the translation of evidence-based heatwave interventions in the specific context of four cities (Phoenix, Detroit, New York and Philadelphia), in order to identify the facilitating and impeding factors to translation of heatwave mitigation interventions and to explore issues affecting reach of interventions to vulnerable populations and to obtain daily meteorological and air pollution data from outdoor monitors in the four cities during May-September of 1989-2000 and estimate epidemiologic associations of weather parameters with daily mortality in order to define a set of effective possible Heat Health Warning System (HHWS) triggers.
- 1R01ES016306 01 (Parker) 7/16/2009 - 6/30/2012(15%)
NIEHS \$408,181

Title: Risk Communication for Environmental Exposure

Role: Principal Investigator 7/09-7/10

Co-Principal Investigator 7/10-6/12

Major Goals: To explore through qualitative in-depth interviews, and a closed-ended questionnaire, the mental conceptualizations of risk of dioxin-like compounds (DLCs) among residents in Midland and Saginaw counties in Michigan who live in areas that have been exposed to DLCs for the purposes of improving risk communication strategies.

F024166-0 (Tschakert, Penn State)

9/1/2009-8/31/2014 (5%)

National Science Foundation

\$29,999 (sub-account)

Title: Climatic Extremes, Mining, and Mycobacterium Ulcerans: A Coupled Approach

Role: Co-investigator

Major Goals: The explore the emergence of a tropical disease, Buruli ulcer (BU) in Ghana, at multiple temporal and spatial scales and to explore the impact of human and natural systems on its emergence.

3 UL1 TR000442-06S1 (Rosenthal)

09/17/2007-03/08/2015 (20%)

NIH Institute/Center: NCCR

\$3,921,935

Title: The University of Iowa Clinical and Translational Science Program

Role: Co-Investigator and Head of Community Engagement Core

Major Goals: The major goal of this study is to create a definable academic home for the discipline of clinical and translational science and to encourage the development of novel methods and approaches to clinical and translational research, enhance informatics and technology resources, and improve training and mentoring to ensure that new investigators can navigate the increasingly complex research system.

1 U48 DP0050021 (Nothwehr, Parker)

03/01/2010-09/29/2014 (30%)

Centers for Disease Control and Prevention

\$2,629,963

Title: University of Iowa Prevention Research Center for Rural Health (PRC-RH)

Role: Co-Investigator 3/2010-3/2011

Director and Principal Investigator 4/2011-9/2014

Major Goals: The mission of the PRC-RH is to improve the health of rural communities in Iowa. We accomplish this through evidence-based, community-based participatory research that establishes and maintains community partnerships to conduct research on health issues of mutual community-academic interest and leverages our collective resources effectively.

U19 OH008868 (Rohlman)

09/01/11-08/31/16 (3%)

Centers for Disease Control and Prevention (CDC)

\$3,225,460

Title: Healthier Workforce Center for Excellence

Role: Evaluation Director

Major Goals: To improve the understanding of effective, integrated employee health programs and to translate this evidence base into practice for the benefit of employed populations.

U54 OH007548 (Anthony)

09/30/11-09/29/16 (3%)

CDC/NIOSH

\$607,350

Title: Great Plains Center for Agricultural Health and Safety

Role: Evaluation Program Director

Major Goals: To conduct a multidisciplinary agricultural health and safety program, develop and evaluate novel disease and injury prevention models and develop and implement professional training in agricultural health and safety for health professionals.

LMG-12-13 (Morcuende) 10/01/2012-12/30/2014 (10%)
USAID/Ponseti International \$1,090,187

Title: Clubfoot Disability: Model for Sustainable Health System Programs

Role: Co-Investigator and Evaluator

Major Goals: To better understand and learn how to strengthen the essential elements of national clubfoot treatment programs as developed by the Ponseti International Association (the PIA approach); and 2. To change the lives of thousands of children in Pakistan, Peru, and Nigeria by increasing access to the low-cost, low-tech, non-invasive, and highly effective Ponseti Method for treating clubfoot.

P30 ES005605 (Thorne) 02/25/2011-03/31/2017 (10%)
NIEHS \$905,016 (COEC budget)

Title: University of Iowa (UI) Environmental Health Sciences Research Center (EHSRC)

Role: Co-Investigator and Director, Community Engagement and Outreach Core (COEC)

Major Goals: The major goal of this project is to promote environmental health in rural Midwestern communities and other vulnerable populations through community engagement and the translation of science and technology-based research results into knowledge.

R01 HL119882-01A1 (Laroche) 07/01/14-6/30/17 (2%)
NIH \$936,988

Title: Family obesity intervention: Motivational Interviewing and community support

Role: Co-Investigator

Major Goals: To test a family based intervention using motivational interviewing and provision of community resources to improve diabetes related health in a low-income Midwestern population.

R49 CE002108 (Peek-Asa, PI) 08/01/12-07/31/17 (4%)
Centers for Disease Control & Prevention \$773524

Title: The University of Iowa Injury Prevention Research Center (UI IPRC)

Role: Co-Investigator

Major Goals: The goal of the UI IPRC remains to control and prevent injuries, especially in rural communities, focusing on high-risk populations such as children, the elderly, farmers, and those with disabilities, through interdisciplinary research, outreach and training, targeting a wide variety of unintentional injuries.

Current

P30 ES005605 (Thorne) 04/01/2017-03/31/2022 (10%)

NIEHS \$905,016 (COEC budget)
Title: University of Iowa (UI) Environmental Health Sciences Research Center (EHSRC)
Role: Co-Investigator and Director, Community Engagement and Outreach Core (COEC)
Major Goals: The major goal of this project is to promote environmental health in rural Midwestern communities and other vulnerable populations through community engagement and the translation of science and technology-based research results into knowledge.

R49 CE002108 (Peek-Asa, PI) 08/01/12-07/31/17 (4%)
Centers for Disease Control & Prevention \$734,524
Title: The University of Iowa Injury Prevention Research Center (UI IPRC)
Role: Co-Investigator
Major Goals: The goal of the UI IPRC remains to control and prevent injuries, especially in rural communities, focusing on high-risk populations such as children, the elderly, farmers, and those with disabilities, through interdisciplinary research, outreach and training, targeting a wide variety of unintentional injuries.

U48 DP005021-02 (Parker) 09/30/14-09/29/19 (30%)
Centers for Disease Control and Prevention \$734,000 Annual TDC
Title: University of Iowa Prevention Research Center for Rural Health
Role: Director, Co-Principal Investigator
Major Goals: The major goal of this study is to support the development of a comprehensive prevention research center with the key elements of infrastructure and administration; community engagement, partnerships, and technical assistance; communication and dissemination; training; and evaluation; and support of one applied public health prevention research project in one of three broad categories to address an evidence gap in public health research.

U48 DP005021-01S4 (Curry, Askelson) 09/30/14-09/29/2019 (3%)
Centers for Disease Control and NIH \$1,375,000
Title: Cancer Prevention and Control Network Collaborating Center
Role: Co-Investigator
Major Goals: To accelerate the implementation of cancer prevention and control strategies in communities, reduce cancer risk, improve participation in preventions strategies such as cancer screening and enhance large-scale efforts to reach underserved populations in order to reduce health disparities.

1 U54 TR001356 Rosenthal, Winokur 08/14/15-07/31/17 (15%) No Cost Extension
National Center for Advancing Translational Science (NCATS) \$3,560,718
Title: University of Iowa Clinical and Translational Science Program
Role: Co-Investigator and Director of Community Engagement Key Function
Major Goals: Re-engineer the clinical research infrastructure at the UI and facilitate interdisciplinary research related to the translation of basic research to clinical products and technologies and the translation of evidence into community-based practices.

Pending

1 U54 TR001356 (Winokur) 08/14/15-03/31/23 (15%)
 National Center for Advancing Translational Science (NCATS)
Title: University of Iowa Clinical and Translational Science Award
Role: Co-Investigator and Director of Community Engagement Key Function
Major Goals: Re-engineer the clinical research infrastructure at the UI and facilitate interdisciplinary research related to the translation of basic research to clinical products and technologies and the translation of evidence into community-based practices.

PROFESSIONAL SERVICE ACTIVITIES

Federal

Member, U.S. Environmental Protection Agency National Advisory Council on Environmental Policy and Technology, 2010-2016

Member, National Institute of Environmental Health Sciences, Environmental Health Sciences Review Committee 2011-2016, chair, 2013-2016

Ad-hoc reviewer for NIH including: NIEHS 2000, 2004, 2006, 2008, and 2010 and CIHB section, 2017

Member, Executive Committee for the CDC funded Prevention Research Center Principal Investigators Steering Committee, 2015-2016

Co-chair, National Children's Study Community Outreach and Communications Working Group, NIH, 2001-2004

Member, Expert Review Panel for the research project entitled "Environmental and Public Health Interventions around Naturally Occurring Asbestos: A Community Case Study, Centers for Disease Control and Prevention, August, 2007, Provided guidance and feedback on study design and findings

Member, National Planning Committee, Environmental Protection Agency's Local Air Toxics Assessment Workshop, Detroit, MI, September 2001

External to the Institution

Member, Healthy Homes, Happy Kids (Evaluating the Health Benefits of Green Affordable Housing Study), National Advisory Board, 2013-ongoing

Member, Wake Forest University Clinical and Translational Science Institute External Advisory Board, 2016-present

Member, University of Rochester Environmental Health Sciences Center External Advisory Board, 2014-present

Member, University of Michigan Center on Lifestage Environmental Exposures and Disease (M-LEEaD) External Advisory Board, 2011- present

Member, University of Southern California Environmental Health Sciences Center National External Advisory Board, 2006-present

Member, ad hoc External Advisory Committee for the Enhancement of Social, Behavioral and Economic Sciences Research at Montana State University, February, 2012

Member, Partnership for the Public's Health National Evaluation Advisory Committee, Oakland, CA, 2001-2004

Service to the Profession

Member, Health Education and Behavior Journal Editorial Board, 2014-present

Elected Representative, Public Health Education and Health Promotion Section Council, American Public Health Association, 2000-2003; 2004-2007

Co-chair, Community Health Education Section, Society of Public Health Educators, 1997-98

Reviewer, abstracts for APHA Conference, Public Health Education and Health Promotion section, 1999, 2001 and Society of Professional Health Educators (SOPHE) Conference, 2001

Guest Editor (with E. Eng, C. Harlan) Lay Health Advisors: A Critical Link to Community Capacity. Health Education Quarterly (special issue), August 1997

Reviewer - Health Education & Behavior
 Health Education Research
 Women's Health: Research on Gender, Behavior, and Policy
 Evaluation and Program Planning
 Health Promotion Practice
 Qualitative Health Research

Community Action Against Asthma: Results and Lessons Learned from a Community-Based Participatory Research Intervention to Reduce Environmental Triggers of Asthma. Co-presented at the EPA Forum on Children's Environmental Health and Disease Prevention, Washington, DC.

Israel BA, Robins TG, Parker EA, Keeler G, Remick D, Lewis T, Dvonch T, Edgren K, Wilkins D, Rowe Z, Ramirez E (2003, May). Michigan Center for the Environment and Children's Health (MCECH): Progress Report. Presented at the EPA Forum on Children's Environmental Health and Disease Prevention, Washington, DC.

Wilkins D, Dvonch T, Robins T, Parker EA, Israel BA, Yip F., Keeler, G (2003, May). Community Participation in Exposure Assessment Research: Lessons Learned from Training and Employing Community Environmental Specialists. Presented at the Advances in Children's Health Research Conference, Washington, DC.

Parker, EA and Brakefield-Caldwell, W (2005, January). Using a Community Based Participatory Approach to Design an Environmental Health Promotion Intervention: Community Action Against Asthma, Detroit, Michigan. University of Pittsburgh Minority Health Center Summit, Pittsburgh, PA.

Parker, EA (2005, November). Community Acceptance and the Role of Observational Research In Public Health, invited presentation, National Children's Study, Study Assembly Meeting entitled Implementing the National Children's Study: Scientific Progress, Challenges and Opportunities, Washington, DC.

Parker EA (2006, May). Community-Based Participatory Research: What it is and how to Get started. Montana Consortium for Community-Based Research in Health, Montana State University, Bozeman, MT.

Parker EA (2007, September) Invited speaker, CBPR partnership: Lessons Learned and Questions to Consider, Presented at Communities as Partners in Cancer Clinical Trials: Changing Research, Practice and Policy, College Park, MD.

Parker EA and Brakefield-Caldwell W (2007, July). Delivering the Proof of Community-Based Participatory Research: Perspectives from the Detroit Community Academic Research Center Partnership. Keynote Address presented at the Northwest Health Foundation Annual Conference, Portland, OR.

Parker EA (2008, December). Invited Speaker, NIH Summit on the Science of Eliminating Health Disparities, Session on Gene-Environment Interactions, Washington, D.C., December, 2008.

- Parker EA (2010, August). Using a CBPR Approach to Implement and Evaluate a Household Intervention: Community Action Against Asthma (CAAA), Lehigh Valley Health Care Systems, Allentown, PA.
- Parker EA and Brakefield-Caldwell W (2011, March). Toward a Better Understanding of the “P” in CBPR: Principles and Best Practices of Community-Academic Partnerships, 11th Annual Scientific Meeting of the American Academy of Health Behavior, Hilton Head, SC.
- Parker EA (2011, May). Plenary Speaker, “Health Disparities” 1st Annual University of New Mexico National Health Disparities Conference, New Mexico Center for Advancement of Research, Engagement and Science of Health Disparities, Albuquerque, NM.
- Parker EA (2012, March). Panel Speaker, Communities and Intervention: Definitions for Discussion. International Conference to Advance a Population Health Intervention Research Agenda, Montreal, Canada.
- Parker EA (2013, January). Presenter, Future Directions for Using CTSA Programs and Resources. Presentation to the Institute of Medicine Committee to Review the Clinical and Translational Science Awards Program at the National Center for Advancing Translational Sciences, Washington, DC.
- Parker EA (2015, May). Plenary Speaker, Community Engagement in Non-Communicable Disease Research: Rational, Promises and Pitfalls. International Conference on Non-Communicable Diseases, Cluj School of Public Health, Cluj-Napoca, Romania.
- Parker EA (2016, May). Community Action Against Asthma: Community-Engaged Research To Elucidate and Address Triggers for Childhood Asthma, University of Missouri Kansas City, MO.
- Parker EA, Woods-Jaeger, B, Freeman, E (2016, June). Community-Based Participatory Research, workshop presentation at Academy Health Annual Research Meeting, Boston, MA.
- Parker EA (2016, October). Community Engagement with the CTSA: Challenges and Opportunities. Wake Forest University School of Medicine, Winston-Salem, NC.
- Parker EA (2017, April). Engaged Research in Health Research-Promises and Challenges. Keynote Address of the 8th Annual Frontiers of Translational Science Research Day, University of Texas Health Sciences Center, San Antonio, TX.

Invited Presentations before Campus or Community or State Audiences:

- Parker E (1995, November). Community Empowerment: A Partnership Approach to Health Enhancement. Second Annual Michigan Breast & Cervical Cancer Control Program Conference Lansing, MI.

- Parker EA (2000, March). Community Action Against Asthma. Presented as part of the panel Michigan Center for the Environment and Children's Health's Community Action Against Asthma: A Community-Based Participatory Research Approach to Reducing Environmental Triggers to Childhood Asthma in Detroit. At the 14th Annual Minority Health Conference, Public Health Students of African Descent, Ann Arbor, MI.
- Parker EA (2005, September). Role of Community and Community-Based Participatory Research in Risk Science and Communication. Risk Science and Communication Symposium, University of Michigan, Ann Arbor, MI.
- Parker EA (2012, October) Engaging Communities for Environmental, Systems and Policy Changes. Iowa Cancer Summit, Des Moines, IA.
- Parker EA (2015, October) Introduction to Community Engaged Research. Presentation in Workshop Series on Engaged Research, University of Iowa Institute for Clinical & Translational Science, Iowa City, IA.
- Parke, EA (2014, April) Best Practices for Building and Maintaining Community Partnerships. Presentation at Iowa State University Families Extension and Outreach Conference, Ames, IA
- Parker EA (2014, October) Population Health Strategies in Rural Hospitals. 36th Annual Iowa Healthcare Executive Symposium, Department of Health Management and Policy, University of Iowa College of Public Health, Iowa City, IA

Refereed Presentations and Posters:
