

Thesis/Dissertation Prospectus Approval Department of Epidemiology

The Department of Epidemiology requires that a prospectus, which describes the rationale for the proposed research and outlines its basic methods, be submitted to the student's committee prior to initiation of the research. Unanimous, written approval of the prospectus by all committee members is required for either an M.S. thesis prospectus or a Ph.D. dissertation prospectus.

Student: _____ Student #: _____

M.S. Thesis

Ph.D. Dissertation

Prospectus Title: _____

I approve the prospectus submitted by the student.
