## RESEARCH EXPERIENCE

**University of Iowa Hospitals and Clinics** Iowa City, IA  
*Adolescent and Young Adult Cancer Program Graduate Research Assistant* November 2016 – Present

- Oversaw and facilitated a three-pronged approach to evaluate fertility preservation outcomes for adolescents and young adults with cancer using quantitative, mixed methods, and qualitative methodological approaches for distinct components of the project.
- Led and coordinated fertility preservation policy and advocacy efforts in Iowa with stakeholders from across the state and nationally.
- Cleaned and analyzed data collected from Epic to determine the effect of Palliative Care practice involvement on location of death on pediatric patients from 2012-2016.
- Led implementation of the clinical trial component of Adolescent and Young Adult (AYA) program, including creation of an education document and evaluation of enrollment in clinical trials, in partnership with physician leadership.
- Used a mixed-methods approach to understand patient-identified gaps, which were addressed in the development of the adolescent and young adult cancer program.
- Served on the adolescent and young adult cancer program committee which planned and implemented focus groups for adolescents and young adults regarding their care experience.
- Principle investigator on work funded through the Iowa Cancer Consortium Concept and Implementation grants.

**University of Iowa** Iowa City, IA  
*Rural Policy Research Institute (RUPRI) Graduate Research Assistant* August 2015 – Present

- Current projects underway: unintended consequences of health policy on rural health; the effect of hospital closure on rural communities.
- Led initial brainstorming session through to project completion for *Rural Long Term Services and Supports: A Primer* with RUPRI Panel members.
- Worked with RUPRI Panel members and staff to implement creative and innovative dissemination strategies, and wrote initial drafts of three chapters for *Taking Stock: Policy Opportunities for Advancing Rural Health* paper.
- Project lead on RUPRI Center Policy Brief: *Distribution of Disproportionate Share Hospital Payments to Rural and Critical Access Hospitals*.
- Funded through the Rural Policy Research Institute, via the Federal Office of Rural Health Policy.

*Area Agency on Aging Evaluation Graduate Research Assistant* July 2016 – June 2017  

- Analyzed, evaluated, and compiled results from data reported by Iowa's Aging and Reporting System for the project titled *The Impact of Consolidating Area Agencies on Aging on the Delivery of Home and Community-Based Services: Evidence from Iowa*.
- Funded through the Aging Mind and Brain Initiative, Center on Aging, University of Iowa.

## TEACHING EXPERIENCE

**University of Iowa** Iowa City, IA  
*Teaching Experience* January 2017 – Present

- Co-Instructor: Introduction to the U.S. Healthcare System (HMP 4000), spring 2018.
- Teaching Assistant: Introduction to Public Health (CPH 4101), summer 2017.
- Teaching Assistant: Health Policy (HMP 5610), spring 2017.
- Guest Lecturer: Fundamentals of Public Health, fall 2018, title: U.S. Health Care System
- Guest Lecturer: Primary Data and Mixed Methods, fall 2017, title: Focus Group Logistics and Participant Recruitment

## **CLINICAL & OTHER EXPERIENCE**

### **Mayo Clinic**

#### *Bone Marrow Transplant Clinical Data Specialist*

Jacksonville, FL

June 2012 – August 2015

- Project Manager for multiple quality and process improvement projects.
- Quality experience:
  - Helped facilitate accreditation and regulatory readiness for the Foundation for the Accreditation of Cellular Therapy.
  - Prepared and presented quality management reports and audits.
  - Created and maintained reports for reporting to registries, completing insurance contract requests for information, and supplying data and project management guidance.
  - Assisted with BMT data management by reporting information in a timely manner to all necessary organizations, in accordance with federal regulation.
- Teamwork and collaboration:
  - Provided consultation, advice, and mentoring regarding database structure and report writing.
  - Used problem-solving skills in collaboration with staff in technical troubleshooting, project requests, and setting goals for the program annually.
  - Provided education and training to database users throughout the department to ensure data integrity, and carried out quality control monitoring of data entry.
  - Served on many Mayo Clinic three-site Bone Marrow Transplant committees and the *26.2 with Donna: National Marathon to Finish Breast Cancer Planning Committee*.
  - Represented Mayo Clinic on the Northeast Florida Cancer Control Collaborative and served as the Chair of the Northeast Florida Cancer Control Collaborative for one term.

#### *Cancer Programs Graduate Intern*

May 2011 – August 2011

- Rotated and engaged with different departments: clinical operations, patient financial services, managerial accounting, facilities and planning, contracting and payor relations, and nursing.
- Participated in many projects, including:
  - LEAN project to analyze commercial denial of chemotherapy payment.
  - Developed a business plan to explain why Holter scanning analyses should be done by Mayo Clinic Florida and the potential positive impact on revenue gained.
  - Compared physician-templated patient care time, charge data, and scheduled visit types; determined template changes were necessary to meet the new patient consultation goal.
  - Worked with a Human Resources Service Partner to develop a policy for use during the peer-review appeal processes for corrective action or termination.
  - Developed a new appointment type lists and disease resource lists to improve patient access.

## **PROFESSIONAL LEADERSHIP & SERVICE**

### **Graduate Student Employment Committee**

#### *Committee Member*

Iowa City, IA

August 2018 – Present

- Created, implemented, and analyzed the 2018 graduate student benefits survey of all graduate students at the University of Iowa.
- Developed a report with recommendations in collaboration with other committee members to provide recommendations to university administration regarding graduate student benefits.
- Served as a charter member of the Graduate Student Employment Committee, which met monthly with university and Graduate College leadership.

### **American Cancer Society Research and Training Program**

#### *Research Stakeholder*

Atlanta, GA

February 2018 – Present

- Represented cancer patients and the community in the peer review process by evaluating the cancer relevance of grant applications to the DNA Mechanisms in Cancer committee.
- Met twice per year for in-person peer review committee meetings.

<b>AcademyHealth Student Chapter, University of Iowa</b>	Iowa City, IA
