Welcome to the online training session for childhood lead poisoning prevention in Iowa!

This is a general overview of childhood lead poisoning prevention in Iowa, this training does not constitute a professional license or any other specific qualification. This training consists of 5 modules with one new module published each month. Each module covers a different topic and will be approximately 10 minutes in length. Following completion of each module, you will be asked a short set of questions to help us evaluate the training. Upon full completion of each module, you are eligible to receive a certificate of module completion.

Below you can find the schedule for new modules:

- April 2020 — **Module 1: Sources & Impact of Lead**
- May 2020 — **Module 2: Lead & Housing**
- June 2020 — **Module 3: Blood Lead Testing**
- July 2020 — **Module 4: Intervention Services**
- August 2020 — **Module 5: Lead Professional Certification**

People who need training to be certified as a lead professional or are employed as a lead inspector, elevated blood lead inspector, visual risk assessor, lead abatement
