

OT'S ROLE IN FARMER MENTAL HEALTH

PRESENTED BY:
ERIN MORLEY, MS, OTS

ABOUT ME

I am a third year OTD student at St. Ambrose University in Davenport, IA. Before deciding to pursue OT, I completed my Masters in Agricultural Safety and Health at the University of Iowa. I am passionate about advocating for farmers and OT's unique role in their care.

SURVEY AND RESOURCES

There will be a short pre and post presentation survey to be completed by participants. At the conclusion of the presentation, participants will be shown how to access handouts with resources, screens, and assessments to provide to farmers.

PRESENTATION OBJECTIVES:

UNDERSTAND

risk factors for mental health conditions related to the occupation of farming

IDENTIFY

screening and assessment tools to use with the farming community

DISCUSS

ways to address farmer mental health within treatment sessions

PROVIDE

online and community resources that could benefit the farming community
